PANDORA'S NOTES!

PUZZLE 1

HINT: Look at this! At the top of the phone there are letters of the alphabet. They must relate to the symbols underneath... could the alphabet continue?

ANSWER: Once upon a time and far away a prince lived. He was cursed and turned into a crow. Ever since he has been waiting.

PUZZLE 2

HINT: To make translating this easier, I should write out all the symbols and write the letters they mean next to them!

ANSWER: Help me Pandora.

PUZZLE 3

HINT: Where could the words that this is referring to be? They must be in the story that Detective Crow told me! So the first letter of the first word in the second sentence would be "H"!

ANSWER: He is a friend.
